Kathy:

No problem. No complaints.

As usual, work on Pavillion requires a difficult to manage time schedule from myself and others.

Dom,

Let me know when and where to discuss your schematic, and I will be there.

Blame a lag on communicating with you on me.

Mary Sue processed your request as of 4:20 pm yesterday.

My fault I didn't get right back to you then or this morning!

Apologies to both of you!

Thanks,  
Mary Sue

Subject: graphic request on development of well purging schematics

Mary-Sue:

I learned this morning that a detailed explanation on purging MW01 and MW02 at Pavillion is required ASAP from the AA ORD office.

I will need Kathy to work on this immediately. Please process my request for assistance as soon as possible.

thanks
